4 – 8 July 2022*

AGENDA ITEM 11: OTHER BUSINESS

**SCHEDULE OF MEETINGS/SEMINARS/WORKSHOPS
TO BE CONVENED IN 2023 BY
THE ICAO ASIA AND PACIFIC OFFICE**

Presented by the International Civil Aviation Organization (ICAO)

SUMMARY

This Paper provides a tentative schedule of Meetings, Seminars and Workshops planned to be convened in the year 2023 by the ICAO APAC Office. The information is presented to States/Administrations and International Organizations for advance planning/budgetary purposes only and may be subject to change. A formal letter of invitation will normally be issued at least 2 months prior to each event and posted on ICAO APAC website at www.icao.int/apac. Other special co-ordination and task force/working group meetings will also be convened during the year 2023, as necessary.

**SCHEDULE OF MEETINGS/SEMINARS/WORKSHOPS
TO BE CONVENED IN 2023 BY THE ICAO ASIA AND PACIFIC OFFICE**

1. INTRODUCTION

1.1 Every year, the ICAO Asia/Pacific Office conducts an intensive programme of meetings, seminars and workshops. The programme covers several objectives, as follows:

- To provide for efficient coordination and harmonization of the regional planning and implementation process;
- To raise the awareness and enhance understanding of the ICAO provisions;
- To provide feed-back from States/Administrations and users on their implementation experience, current and future needs;
- To provide high quality training to States/Administrations' personnel in the key implementation areas.

1.2 Most of the meetings conducted by the Regional Office are related to the work programme of the regional planning and implementation body – APANPIRG, Regional Aviation Safety Group – RASG and Regional Aviation Security Coordination forum (RASCF). In addition, the Regional Office provides venue and/or virtual means, secretariat service or coordination assistance for meetings of the ATS Coordination Groups, COSCAPs and other events of regional or global nature.

1.3 Through this broad programme of meetings and training events, the Regional Office provides an excellent forum to the States/Administrations to conduct continuous dialogue and facilitate the coordination and harmonization of the planning and implementation of the regional air transport system. The Workshops/Seminars contribute to the capacity building of the States/Administrations and the Region as a whole. The Regional Office expresses its appreciation to all Civil Aviation Administrations and International Organizations for supporting the participation of their highly qualified experts and officials in the ICAO regional activities and thus contributing greatly towards achieving the regional goals.

1.4 2020/2021/2022 meetings and other activities have been virtual due to the border control measures and restricted entry requirements of the States/Administrations in general as well as the UN COVID-19 Contingency Management Team (CCMT) advisory for all UN Personnel to work from home unless attending office was essential. Planning ahead in consideration of relaxation of public health related restrictions and resumption of the UN office working arrangements, in-person meetings are likely to commence from fourth quarter 2022 onwards.
